## DATA SOURCES

- Source: Statistics Canada, International Accounts and Trade Division, custom tabulation for York Region Economic Strategy, 2023 data
- York Region Employment Survey, 2024
- Analysis by York Region Economic Strategy

## METHODOLOGY

- All values are in Canadian dollars
- The number of establishments = 0 means the counts were suppressed
- Any blank data points mean no data available
- Industry is determined on the establishment basis
- One establishment can trade with both the United States and non-US. For example, it can export to both the United States and China. Therefore “Total” does not equal “US” + “non-US” for counts, but it does for value. Value may not add to totals due to rounding.

---

## SUMMARY

According to Statistics Canada 2023 data, nearly 2,900 business establishments in York Region export goods and services with an annual total export value of \$14.5 billion. Most exports are to the U.S. with 81% (or \$11.8 billion) of total exports value, remainder of the exports are to non-U.S. countries with 19% (\$2.7 billion).

Manufacturing is by far the largest export sector in York Region with 82% (or \$11.9 billion) of total export value and 87% share of the overall U.S. destination. Wholesale trade is the next largest export at \$1.7 billion (12%) of the total export value.

Transportation equipment manufacturing (including automotive parts) represents the largest share (22%) of the total manufacturing sector export value. Exports of plastics and rubber products and fabricated metal products are also linked to the wider transportation equipment sector, with shares of 10% and 9% of the total export value, respectively.

Employment by exporters is estimated at over 70,000 jobs, representing nearly 12% of jobs in the Region. Over half (53%) of those jobs are with large to very large businesses (greater than 100 employees). Medium businesses (20-99 employees) account for 33% of all jobs and the remaining 14% are with small businesses (less than 20 employees).

In 2023, York Region's total goods imports amounted to \$45.4 billion. Of these, over 62% (\$28.1 billion) originated from non-U.S. countries, while the remaining 38% (\$17.3 billion) came from the U.S. The largest importing sector in the Region was wholesale trade, which accounted for 76% (\$34.3 billion) of the import value. At the enterprise level, over 9,100 establishments in the Region were engaged in import activities.

# BUSINESS EXPORTS - YORK REGION

All values are rounded and in Canadian dollars

## EXPORTS VALUE

**\$14.5 B** Total exports of good and services annually

**2,892** Total exporters in York Region

### Breakdown of Export Establishments by Primary Sector, 2023

| Primary Sector (2-Level NAICS)                    | Number of Export Establishments | Total Exports Value (x \$1,000) |
|---|---------------------------------|---------------------------------|
| 11 Agriculture Forestry Fishing and Hunting       | 34                              | \$ 86,205                       |
| 23 Construction                                   | 129                             | \$ 100,027                      |
| 31 to 33 Manufacturing                            | 1,006                           | \$ 11,920,047                   |
| 41 Wholesale Trade                                | 888                             | \$ 1,777,112                    |
| 44 and 45 Retail Trade                            | 268                             | \$ 267,135                      |
| 48 and 49 Transportation and Warehousing          | 99                              | \$ 82,761                       |
| 54 Professional Scientific and Technical Services | 209                             | \$ 229,578                      |
